

THE NEXT ERA OF MEDICINE STARTS HERE

Certification in Essential Knowledge of Age Management & Longevity Medicine

Move Beyond Disease Management. Lead the Future of Preventive, Precision-Based Care.

Medicine is evolving. The most impactful physicians today are no longer waiting for disease to appear—they are identifying dysfunction early, optimizing physiology, and extending healthspan.

WHY THIS MATTERS NOW

The Burden of Chronic Disease Is Accelerating

- Earlier onset of cardiometabolic disease, cognitive decline, and systemic dysfunction
- Traditional care models intervene too late

Patients Are Demanding More

- A growing population seeking proactive, longevity-focused physicians
- Demand for expertise in metabolic, hormonal, and lifestyle optimization

Science Has Advanced—Clinical Practice Must Follow

- Precision diagnostics and targeted interventions are redefining outcomes
- This training ensures you apply them with confidence and credibility

WHAT THIS CERTIFICATION DELIVERS

Up to 45 AMA PRA Category 1 Credits

Immediate Online Study Module

Build mastery in the core principles of age management medicine

2-Day Live Interactive Training

Advanced case-based learning with expert faculty

Three Progressive Modules

Structured education spanning foundational science to real-world clinical application

Comprehensive Final Examination

Case-focused, web-based certification assessment

WHAT YOU'LL BE TRAINED TO DO

- Identify dysfunction years before disease develops
- Implement precision-based hormone and metabolic optimization strategies
- Integrate nutrition, fitness, and lifestyle medicine into clinical care
- Apply preventive protocols for cardiometabolic and age-related conditions
- Leverage advanced diagnostics and emerging therapies
- Deliver personalized, high-performance patient care

BENEFITS OF CERTIFICATION

Elevate Your Clinical Impact

- Deliver proactive, preventive care that improves long-term outcomes

Strengthen the Doctor-Patient Relationship

- Attract highly motivated, health-focused patients
- Practice more personalized, meaningful medicine

Stay at the Leading Edge

- Access evidence-based protocols and ongoing education
- Remain aligned with rapidly evolving science

Increase Professional Fulfillment

- Shift from reactive care → optimizing human performance and longevity

Differentiate Your Practice

- Position yourself as a leader in a rapidly growing field
- Gain recognition with AMMG certification and directory listing

WHAT YOU RECEIVE

- Full certification training program (Modules I-III)
- **Complimentary access to 3 AMMG conferences**
- **2-Year AMMG Membership**
- Certification logo for branding & marketing
- Enhanced listing in the AMMG Certified Directory
- Professional embossed certification
